DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

> The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1 to 11 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claims 1 and 8, on line 7 and 8, the relationship between a received symbol rate, rate-indicating data and received correlation values are confusing. The rate-indicating data and received correlation values are separated signals by dispreading from claim 1(a). However, on claim 1 (b) the relationship among these three signals becomes vague.

Allowable Subject Matter

3. Claims 12-13 are allowed.

4. Claims 1 to 11 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

5. The following is an examiner's statement of reasons for allowance:

None of the prior art teaches or suggests a variable-rate CDMA system comprise a rate comparator, a quality comparator and a correlation value addition processor, which for match the received symbol rate selectively.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
